## What are you wearing

### On your feet this weather?

There is style in footwear as there is in hats. Each year the Granby  
Rubbers and Overshoes are modelled to fit all the fashionable shapes  
of boots. They are thin so as to prevent clumsy appearance and  
feeling and to make them so necessitates the use of the finest quality of  
rubber. While Granby Rubbers and Overshoes are up to date in  
Style, Fit and Finish, they retain their old enduring quality.

### EMPEY HILL.

January 31st.

Another of our popular young ladies has  
left this vicinity and gone "to shine in other  
homes and hearts." On Wednesday, at the  
residence of Geo. Demore, her daughter,  
Mary E., was united in holy wedlock to Mr.  
Collier, of Millhaven. Rev. G. A. Anderson  
was the officiating minister.

Rumor says a young man has travelled  
from "over the bay" to this place for a very  
small sum, even a "penny." Oh! say, he will  
be lost or he?

A number from here attended the Presby-

structive and interesting.

valescent.

One of those events that seldom fail to  
create a ripple of interest occurred in this  
village last evening in the marriage of Mr.  
Marcus D. Taylor and Miss Eva M. Parrall,  
second and youngest daughter of Mr. W. E.  
Parrall, of this village. The happy event  
was celebrated at the home of the bride's  
father at 8 o'clock, the Rev. W. J. Sanders  
resident minister officiating. The bride, who  
looked charming, was attended in a beautiful  
cream crepe and carried a bouquet of white  
carnations. She was attended by her sister,  
Miss Blanche Parrall, who was dressed in  
pink crepe and also carried flowers. The  
groom was supported through the trying or-  
deal by Mr. H. Clark, who did his duty very  
efficiently. After the ceremony the bride and  
groom, followed by a number of thirty-five  
relatives and friends of the young couple sat down to a  
very sumptuous repast at the home of the bride's  
father. The cake shone a marvel of beauty. A very  
handsome collection of presents was display-  
ed on the table. The bride and groom, and the  
young couple, all unite in wishing their  
best regards to their friends.

### HER LIFE FOR BABY.

One of the most touching stories of a  
mother's unselfish heroism comes from  
Schreiber.

Conductor Thomas Patch, of the  
C. P. R., formerly of Toronto, now re-  
sides at Schreiber.

The other night his wife was descending  
the stairs to procure water for one of the  
children, when she slipped and fell. The  
lamp which she carried was thrown from  
her hand and exploded, sending the burning  
oil over the lady and the stairs. Un-  
mindful of herself, thinking only to save  
the lives of her children, she sought to  
extinguish the flames on the stairs. Her own  
clothes were on fire and she was com-  
pletely enveloped in flames, but she did not  
stop the little and cried, "house was saved  
and with it the children. She gave her  
life for those she loved.

Mrs. Patch's body was fearfully burned  
from head to foot. Her little son sum-  
moned a neighbor, Mrs. Field, who found Mrs.  
Patch unconscious and entirely devoid of  
feeling, her night clothes having been  
consumed by the flames. Dr. Pringle  
was called in, but was unable to do any-  
thing for the injured lady, and at seven  
o'clock the following evening she died.

Mrs. Patch at the time of her death was  
alone in the house, save for the presence  
of her little children, her husband being  
at Rosport.

DESERONTO CHEESE AND BUTTER  
COMPANY.

The annual business meeting of the share-  
holders and patrons of the Deseronto Cheese  
and Butter Company was held in the town  
hall on Saturday, Feb. 1st. The secretary,  
Deseronto, at the head of the table, pre-  
sented the report of the company's opera-  
tions which among other matters gave the  
following figures: Total amount of milk re-  
ceived at the factory, 1,771,075 lbs.; cheese  
manufactured 108,110 lbs.; butter man-  
ufactured 2,555 lbs.; paid to patrons for milk  
\$10,507.11; average price per 100 lbs. of  
milk 60 1/3c; average pounds of milk to  
make one pound of cheese 6 1/2; average  
cost of hauling milk per 100 lbs. 7 1/2c;  
average gross price of cheese 8c; amount  
paid per pound \$8.10. Mr. Rathburn  
undertook to read the Creamery report during  
the season of 1895 pay at least, two hun-  
dred lbs more than any other  
similarly conducted pooling factory in the  
country. The proposition was very  
favorably received and was promptly  
acted upon. The following were elected  
directors for the current year: J. G.  
Allison, Henry Arncliffe, R. McAllister,  
County Master W. H. Good, Corbyville,  
Kimberly, John R. Smith, Allen Oliver,  
Jas. McHenry, E. W. Rathburn and John  
McCloughlin. At a subsequent meeting of  
the directors the following officers were  
elected: Vice-president, R. Rathburn, secre-  
tary-treasurer.

### TEA MEETING AT LONSDALE.

The annual tea meeting of the Presby-  
terian congregation of Lonsdale was held on  
the evening of Thursday, Jan. 30th, and was  
the most successful yet held by the con-  
gregation. The weather was superb, the  
clear light of the moon casting everything  
to be seen along the roads as if by magic,  
the sleighing was of the best, in fact every-  
thing united to make the event a success.

Union hall, the place of meeting, was pack-  
ed in every nook and corner by a happy and  
respectable assembly as was ever convened  
within its walls, representatives of all  
denominations, a generous R. patronage.

Tea was served at 6:30 and there was  
a bountiful profusion of delicacies which  
bordered on prodigality. The ladies of the  
congregation came in for a great number of  
compliments for the manner in which they  
sustained their reputation as caterers on the  
occasion. At last all were served and ready  
to proceed with the less serious part of the  
proceedings of the evening. Accordingly  
Rev. D. O. McArthur installed St. Russell,  
of Deseronto, as chairman of the meeting,  
and the programme was at once proceeded  
with. A strong array of talent had been  
provided and there was nothing wearisome  
about the entertainment. The programme  
consisted of a number of selections which  
gained well merited applause.

Misses Lons and Marie Leslie  
contributed to the programme in a manner  
creditable to such young vocalists. Their  
effort was warmly applauded. Rev. D. O.  
McArthur also gave a vocal solo in capital  
style. Addresses were given by the follow-  
ing gentlemen: Rev. H. C. Garbutt, of  
Deseronto; Napoleon Shannon, chair-  
man; Rev. W. J. Sanders, of Deseronto;  
Rev. J. A. Black, of Roslin; Rev. W. A.  
Pock, of Napac; A. J. McLaren, of  
Deseronto; and Mr. J. G. Allison, presi-  
dent. The various addresses were instructive  
and interspersed with wit and humor and  
were well received by the audience.

At the close Rev. D. O. McArthur thanked  
the speakers and others who had contributed to  
the success of the evening. A vote of thanks  
to the chairman the meeting was brought to  
a close by all uniting to sing the national  
anthem. The meeting was then adjourned  
at the organ and skillfully played the different  
accompaniments. There were visitors from  
Deseronto, Napac, Shannon, etc., and  
etc. Although only a light admission fee  
was charged the event realized \$50. Thus  
the Deseronto Presbytery and the Lonsdale  
congregation must be congratulated on their  
success.

### A REMARKABLE CASE.

The Smith's Falls Echo says: "Mr.  
Robert G. White, blacksmith, Franktown,  
has a son who has had a trouble in his nose  
for the past five years. It lately became so  
bad that it effected his general health. His  
mother always suspected there was some  
foreign matter in it, but was assured by all  
the medical men consulted that such was  
not the case. The boy was brought in to  
Dr. Cooney for examination. His location  
something embedded in the tissue, and  
took out what proved to be a iron iron  
rod. The rod was the boy, and as parents as  
well can only be imagined.

NO PRAISE IS TOO EXTRAVAGANT.  
And yet the wine itself is better than  
anything that could be said about it. Wilson's  
Invalid's Port Wine. This is the celebrated  
brand that has rapidly risen in public favor.  
The reason is that it meets the needs for  
a bracing tonic which shall be without the  
disagreeable taste of medicinal wines. Wilson's  
Invalid's Port is a fine old wine, of unob-  
scured age, which has the effect of a bracing  
and stimulating tonic. It dispels lassitude, puts  
a new heart of hope into the invalid, but  
chiefly it is invaluable in that it gives new  
blood to an impoverished system. Sold by  
all dealers at 75c per case of 12 quarts  
bottles, half case \$4.00 or 75c per bottle.  
Address—Bordeaux Claret Co., 30 Hospital  
Street, Montreal.

of the Band were also delighted to read a  
letter from a young girl whom they support  
in the school. It was written in  
English and expressed her gratitude to the  
band in Deseronto for their kind support.

The regular monthly meeting of the  
Ladies' Missionary Society will be held in  
the church parlour Wednesday, 12th inst., at

The suggestion made by THE TRIBUNE some weeks ago in reference to an inquiry into the administration of justice accounts of this county was acted upon at the late meeting of the council and a committee was appointed to make a preliminary inquiry into some of the particulars of this department. Deputy Reeve Dryden is one of the number. The results will be awaited with much interest, but the committee's powers should have wider scope.

Many of the side walks and nearly all of the street crossings were in a deplorable condition this week, being covered with masses of ice. Life and limb were thus endangered. It seems that pending the appointment of a street committee by the new council the machinery for remedying this state of affairs could not be put in motion. By the way it is not that the antiquated system of postponing the appointment of committees until the end of February should be put under the table. There is nothing to prevent the formation of such a committee on the first day of meeting in the year.

Early last Autumn THE TRIBUNE pointed out the necessity existing for another passenger steamer to be placed on the route between Charlotte and the Thousand Islands via the Bay of Quinte. This route is the most charming trip on Lake Ontario waters and if well advertised would draw a vast deal of passenger traffic from Rochester, Buffalo and other points east and west during the excursion season. The North King only makes one trip a week and her hours are not always convenient. We observe that a new steamer is being constructed at Charlotte, N. Y., by the Genesee River & Lake Ontario Steamboat Co. It will be christened the Ontario, will be fitted with compound engines and burn hard coal. The company is also said to be negotiating for the purchase of a large lake steamer to run between Charlotte and the Thousand Islands. Steps should be taken to get this steamer make her trips by the Bay of Quinte route.

### Independent Foresters.

A special meeting of Court Deseronto, No. 68, I. O. F., will be held next Wednesday evening, 12th inst., at 7:30 o'clock. All the members are particularly requested to be present at this meeting.

### Sash and Door Factory.

Everything is buzzing at the sash and door factory of the Rathbun Company. Among other orders received during the past week was one for two carriages of material, including all the doors and hand-work trimmings, for five large houses which are being erected in Montreal.

### Reduced Rates.

In connection with the meeting of the Farmer's Institute to be held at Deseronto on the 18th inst., the Bay of Quinte Railway will issue tickets from Tweed and intermediate stations to Deseronto and return for one fare, good on the 18th for all trains, including day and good for return on the 18th and 19th.

### Cement Works.

Mr. Mitchell was out to Napanee Mills on Tuesday. By means of certain changes and improvements recently effected at the cement works of the Rathbun Company the output of the kilns has been largely increased. This will greatly aid the Company in meeting the very heavy orders for their material which have been coming in steadily for months back.

### Quiet Wedding.

J. B. Gaylord and Miss Hester Doyle, two very popular young people of the town, were united in holy wedlock on the evening of Thursday Jan. 30th. The event which took place at the parsonage, Mill street, was, owing to recent family afflictions, of a private character. Rev. J. H. Coleman, M.A., of St. Mark's church, performed the ceremony. The happy couple have settled down in their home on Thomas street. Very many friends united in wishing them a very happy wedded life.

### Postal.

The Postmaster-General's Report, shows that during the year ending June 30th, 1895 the gross postal revenue of the post-office at Deseronto was \$5,329.05. There were 1,862 money orders issued for \$14,237.44, the commission on which was \$118.94. The money orders amounted to \$7,453.69. ### Indian Council.

A meeting of the council of Tyendinaga Reserve was held in the Council House, Deseronto, on Monday. Among other matters which came up was the decision of the Indian department in reference to the estate of the late Peter Green. By this decision John and Magdalene were named the legal heirs and the council gave John the west and Magdalene the east part of the land. Consideration of the Baptist estate was deferred until the next meeting. The council by resolution requested Chief S. Lott to reconsider his resignation of his seat in the council and asked him to remain as his services as a member of the council were most valuable to the band.

### The Programme.

The following will be the programme of the Deseronto meeting of the East Hasting Farmers' Institute to be held on Tuesday, Feb. 18th. Afternoon session commencing at 1:30 o'clock: "Understandings" by A. W. Pearl, B. A., of Burlington; "Management of Poultry on the Farm," by H. J. Page, of St. Mary's; "Can Winter Dairying be made profitable?" by L. Patton, of Oxford Mills. Evening session commencing at 7:30 o'clock: "Address of Welcome," by Mayor Rathbun; "Leaves on the Farm," by A. W. Pearl, B. A.; "Poultry for Profit," by H. J. Page; "Care and Management of Dairy Cattle," by L. Patton. Musical selections will be interspersed at the evening meeting. Admission to both meetings free.

### About Maple Sugar.

In reference to the crystals of that maple syrup referred to in last week's TRIBUNE, we are informed by farmers and others well acquainted with the manufacture of maple syrup that the crystals mentioned are no indication whatever of the adulteration of the syrup. When the syrup crystallizes as it often does, even when most pure, the crystals are always white and have none of the flavor so common to pure maple syrup has been placed on our desk and the crystals can be seen and tested in proof of this assertion. It can also be easily exemplified by any person visiting a camp where the syrup is being boiled down. Some other tests would have to be made to prove the presence of ordinary sugar.

### Serious Accident.

Wm. Martin, of St. George's street, was the victim of a serious accident in Wednesday afternoon. With a party of ladies he started off after dinner on a sleigh ride to Napanee. Mr. Martin's large dog persisted in following her and went all the way to Napanee. She thought it well to have the animal shut up and brought him to John Adams' hotel for that purpose. While there by accident he fell down the stairs, she was very seriously injured, her face being badly cut, her right arm broken at the wrist and her body bruised. Dr. Leonard was summoned and reduced the fracture and attended to her other injuries. The hotel staff and others extended all possible kindness. John Callaghan, being down to Napanee with his rig, immediately drove her home. Mr. Martin's daughter Dr. Newton's care and, though suffering much pain, is progressing favorably.

### Missionary Meeting.

The annual missionary meeting will be held in St. Mark's church next Sunday evening at 7 o'clock. Rev. Canon Carey, of Kingston, will deliver an address. There will be a collection in aid of the mission funds of the diocese. All are invited.

### Extension of Time.

Messrs Northrup and Wilson, M.P.s, have been informed by the Fisheries Department that the time for hoop net fishing in the Bay of Quinte has been extended until the first of May this year, a concession of two weeks. This concession has been granted on account of the late commencement of the fishing season and the fact that many fishermen suffered serious loss.

### Board of Health.

The first meeting of the Board of Health was held in the Town Hall Monday evening, 2nd inst. R. M. Crook, W. G. Edgar, R. N. Irvine and R. J. Edwards. The board organized by electing R. M. Crook chairman. Several matters were discussed. The appointment of a meat and milk inspector was laid over until the next meeting. The board adjourned to meet on the 8th Thursday in March.

### Chemical Works.

The farmers of the surrounding district are bringing in vast quantities of wood for the charcoal kilns in connection with the Deseronto chemical works. All the approaches to the works are piled with wood. These works thus cause a great amount of labor in the surrounding district. The output of material from the chemical works still continues as large, if not larger, than at any other time in their history.

### Farmers' Institute.

The farmers of the county who constitute the deputation who will address the meeting of the East Hasting Farmers' Institute to be held at Deseronto on Tuesday, 18th inst., are said to be very entertaining and practical speakers. The topics they will discuss are of general interest to farmers and business men. There should be a large attendance of farmers and their wives and daughters at this meeting. The three counties should be well represented.

### Cedar Mill.

A visit to the Cedar Mill shows that the foundation for the new engine has been completed. The masonry and other work is of a most substantial character. The machinery are now busy erecting the new engine. It is thought that in two or three weeks the mill will be ready to commence sawing. About thirteen carloads of material are now coming in daily for this mill. Cedar is coming in from the Central Ontario Railway and cedar and logs from different points along the Bay of Quinte Railway.

### Concert at Lansdale.

Lansdale Concert, No. 274, Canadian Order of Chorus Friends, will hold their first annual concert in Union Hall, Lansdale, on the evening of Tuesday, Feb. 18th. An energetic committee have the affair in hand and have succeeded in arranging a very attractive programme thus ensuring a pleasant evening's amusement. The first part will be taken up with minuet, followed by light refreshments. Prof. Denmark and a strong array of musical talent from Deseronto and other places will assist. The popular Deseronto mandolin and guitar which has been loaned by store last week will be present. Doors open at 7; concert commences at 8 sharp. Tickets 25c and 15c.

### Short Talks.

Very much interest is taken in the coming visit of Dr. Anna Dickson who will deliver a series of very practical and instructive addresses on the treatment of sick and similar topics. These talks will be given in Union Hall, Deseronto, on Monday, Tuesday and Wednesday of next week. The meetings on Monday and Tuesday will be held at 4 p.m. and will be open to women only, that of Wednesday will be held at 3 p.m. and will be open to the public generally. There will be no admission fee. These addresses are delivered under the auspices of the different congregations and we have no doubt that the attendance will be very large at all the meetings. The hints given for the proper care of the sick are said by those who have heard the lecturer elsewhere to be invaluable.

### An Evil Under The Sun.

Very many parents in town complain of the overwork inflicted upon their children after school hours by teachers of the public school. The youngsters have to be up early and late making preparations for next day's work, and their physical and mental energies are often completely exhausted. This is sore evil in our educational system. The sore evil is to be placed altogether upon the teachers. It starts primarily with parents who are generally too anxious to rush their children from one class to another in the province instead of endeavoring to check this anxiety to do it and hence a system of cram and unhealthy rush in all our schools, both high, public and colleges. Nevertheless teachers must bear their share of blame as if they would unite in a general and determined protest against this system a change would be in due time be effected. In this age when an eight and nine hour day is being agitated for as sufficient for a day's work for the ordinary man, it is the height of cruelty to make little children work two, twelve or more hours a day. The end in view is defeated even at best.

I am stronger and healthier than I have ever been in my life." JOHN W. COUGHLIN, Wallaceburg, Ontario.

## SAFETY FOR OUR GIRLS.

Paine's Celery Compound Makes New and Pure Blood, Gives Strong Nerves, and Builds Up the Body.

Medical men every where admit that Paine's Celery Compound is the best medicine for pale weak and sickly girls. It builds up wasted tissues, makes pure blood, and produces nerve, enabling girls to reach healthy and perfect womanhood.

Mrs. Bonalager, of St. Henry, Montreal, saved her daughter's life by having her use Paine's Celery Compound at a most critical time. She writes how many times she has been the healthiest, brightest and most attractive girl of the town. Her mother writes thus about the wonderful cure:

"My daughter, aged 17 years, has for a

long time been in a weak state of health, so much so, that she was not able to do any work about the house, and often was unable to comb her own hair; this has been the case for some years, and I feared she would never be strong.

"I was induced to have her use Paine's Celery Compound. She had used two bottles, and is now a different girl. She is healthy in every way, and has been able to do the whole of the housework, and promises to be as strong as a girl of her age should be."

# EFFECTS OF LA GRIPPE

Unable to Walk, owing to excruciating pain.

After ten years' terrible torture, Cured by Scott's Sarsaparilla.

A. H. Christensen, writing from the Clifton House, Niagara Falls, says: "I am more than 10 years old, and for ten years I suffered the torture of rheumatism. It was not in my joints before me, and I believe it is an hereditary disease. My knee joints were so inflamed and swollen that I was unable to walk. I was laid up, which to a travelling man is a calamity. In a score of Canadian towns relief, others none. I read that Sarsaparilla was a rheumatic cure, and I asked a druggist for a bottle of the best Sarsaparilla on the market." He gave me Scott's, and that was an improvement. I took it, and that he could not resist, and I am free from pain as a man. I hope to be in my prime again, and never feel a twinge. As I said before, to Scott's Sarsaparilla I owe more than I can ever repay."

The best remedy for rheumatism, sciatica, and neuralgic pains arising from the presence of poison in the blood is Scott's Sarsaparilla, a modern concentrated medicine, prompt in its curative effects. Doses from one half to one teaspoonful. At 25¢ per bottle of your druggist.

The annual meeting of the Shamondale Wesleyan congregation was held last evening. The weather was not favorable to a large delegation from Deseronto.

The Sisters of the House of Providence, Kingston, who have been attending John Edwards, returned home on Tuesday. Mr. Edwards is now able to be up and around the house.

Dr. Wellington Jeffers, one of the most eloquent and distinguished divines of the Methodist Church, died at his residence at Belleville on Monday. He was eighty-one years of age.

The superintendent of a large insane asylum in the United States states that a great deal of the increase in insanity is due to the early rising which farmers so persistently and silly practice.

Rev. J. McWilliams, of Peterboro, who has frequently visited in Deseronto, has received a call to the Westworth Presbyterian church in Hamilton at a salary of \$1,400 per year and four weeks' vacation.

John Cunningham, employed with T. Butler for some time back, left on Tuesday for Tamworth where he has purchased the store of L. Way. He expects to open up a general business there about the first of March. We wish him success.

James Gordon, the colporteur, is at his home in Napawan suffering from an attack of the grippe. He met with excellent success during a month's visit in the lumbering regions in Lennox and Renfrew. He will return to the same district for another month.

The residents of the town, both ladies and gentlemen, are invited to attend the meetings of the East Hastings Farmers' Institute in the opera house next Tuesday afternoon and evening. The evening programme will be interspersed with musical selections.

Our thanks are due to Joseph Jones, at present visiting in Morrisstown, N. J., for copies of Newark and Morrisstown newspapers. They contain accounts of the great floods which did enormous damage at Bondbrook and other places in New Jersey.

The Association of Ontario Lead Surveyors are urging upon the Ontario government the necessity of having a trigonometrical and topographical survey of the province. The maps of Ontario, they assert, are less accurate and less scientific than those of Quebec and the other provinces.

Mr. and Mrs. G. A. Browne and family left for the east on Tuesday morning. A large number of friends were at the railway station to bid them good-bye. Mrs. Browne and children will remain at Ottawa for a few weeks. Mr. Browne reports at Montreal this week and enters upon his new duties forthwith.

Marsden Kemp, specialist in piano treatment and tuning, passed through to Plenton this week. On his return East in a couple of weeks he will call and attend to any orders left at Mr. Eger's and will not receive any person. He has one of the most perfect trainings of 10 years in modern treatment that a man can offer.

The county council of Durham and Northumberland appear inclined for a reduction of the number of its members. It would be well for our Hastings county to do likewise. It appears unreasonable to take forty men away from their homes to transact the trifling amount of business to be dealt with each session of the council. Three or four commissioners chosen by the voters of the municipalities could do all the business of this council.

The heavy storm of last Sunday lessened the attendance at the different churches.  
The will of the late Mark Lancaster, of Huntingdon township, has been probated, Estate, \$1,300.

A great many people are suffering from colds, influenza and other troubles and the doctors are all kept busy.  
In the surrogate court probate has been granted of the will of the late George Field, of this town, to John Dalton and Robt. N. Irvine, executors, Estate \$3,000. Dereche and Madden are solicitors.

A. Osborn, photographer, leaves for Kingston next week where he will open a studio, strong impression having been held out to him by parties in that city. Mr. Osborn is a clever artist who has already made his mark in his profession. He will retain his studio in Deseronto which he will visit every Monday when negatives will be taken and finished as heretofore.

The Imperial parliament opened on Tuesday and the Queen's Speech has been the subject of a prolonged debate. The action of the government on the Armenian and Venezuelan questions has been challenged. From statements made by the leaders of the Government party it is probable the settlement of the difficulty between Guiana and Venezuela will be effected by arbitration.

The assembly in the opera house last Friday evening was a very brilliant event. There was a large attendance, including several from other places. The music was furnished by Prof. Denmark's orchestra. Everything passed off in the most pleasant manner possible. As regards the bells of the evening there is much difference of opinion as to a young lady of Main street.

Dr. Anna Dickson gave a series of lectures on health topics in Union Hall this week. The afternoon meetings on Monday and Tuesday drew a very large audience of ladies, who were very much pleased with the fair lecturer's efforts. The public meeting on Wednesday was well attended. The subject—"Bacteria," was of great interest, but the lecturer failed to popularize her remarks, which therefore did not clearly impart the instruction so much desired.

W. W. Foster, writing from Calgary, Alberta, to a friend in town, states that he has gained fourteen pounds in weight during his stay in that part of Canada. Ranching is the great business in Alberta, other lines of farming not being so profitable. The gold mining fever has reached Calgary, and many are preparing to go to the British Columbia interior. He has met Chas. Vail, formerly of Deseronto, who is now the owner of a large ranch farm in the Calgary district.

While the members of the Mohawk Brass Band were returning home from Northport on Wednesday evening their sleigh upset near Telegraph Island, and the team ran away. The whole organization were landed in the deep snow, and then had to foot it to Deseronto. It was a melancholy spectacle to see Prof. Denmark loaded down with guitar, banjo, mandolin, music rack and other fittings of his profession wending his way through the deep snow along the shore road to his home.

Peter Crouter, of Gladstone, Manitoba, is visiting in town as the guest of Peter Crouter. Mr. Crouter, who formerly belonged to Rederiville, has been in Manitoba for about eighteen years. He is located about three miles from W. J. Emerson so well known in Deseronto. Mr. Crouter thinks there is no country like Manitoba, and that it is a good place for industrial men to start farming. The only drawback is the exorbitant price charged by railways for carrying grain to the seaboard. Mr. Crouter visited the Red Barn and was pleased with all that he saw there. He is enjoying his visit to Deseronto.

On Monday Mr. Northrup, M. P., presented a petition to the house from the County Council of Hastings, pointing out that many of the pauper children brought into Canada are physically and mentally incapable of becoming useful and intelligent citizens of the Dominion, and that a considerable portion eventually become absorbed into vicious and criminal classes of the community.

The Government has proposed the passage of a bill to amend the Immigration Act, and that legislation be enacted to compel societies or organizations responsible for bringing these children into Canada to take control of those who may be proved to be physically incapable of work or worthless characters. Galt Court, I. O. F.

A second court of the Independent Order of Foresters has been instituted in Deseronto. The members of the court were nearly all formerly connected with Court Deseronto, No. 93, which is one of the strongest courts in the order, having about 170 members on the roll. The permission of the parent court having been cheerfully given, the members of the new court, which will be known as Court Galt, met last night and organized by electing the following officers:—Wm. Stoddard, C.R.; Wm. Irvine, V.G.R.; E. Pringle, R.S.; E. Miller, F.S.; I. D. Brule, treasurer; S. Green, chaplain; A. Hawley, S.W.; J. Rork, J.W.; Thos. Bulmer, S.B.; S. Bruce, J.B.; R. Rayburn, P.C.R.; J. Wight, C.D.R.C.R.; Dr. Simpson, court physician; E. Snarr and J. Dalton, finance committee; M. Stover and Wm. Mitchell, trustees. The officers were installed by Bro. J. W. Wight, C.D.R.C.R.

After the installation the members were entertained at Mr. Moore's restaurant, and after a sumptuous repast, and after a few speeches and songs, and a pleasant time spent, they retired to their respective homes.

High School Board.  
A meeting of the High school board was held last week for the purpose of organization. G. W. Wright was elected chairman, and T. H. Naumth secretary.

S. Convention.  
The Convention of the Sabbath School Workers of South Hastings will be held in the Methodist church, Shanawake, Thursday, 20th inst., at 1:30 and 7:30 p. m. All the schools of South Hastings are sending strong delegations. A great success is assured.

The Weather.  
The weather during the past week has been generally stormy and blustery. There were falls of snow on Friday, Sunday, Monday and Thursday. On Friday a north-west wind caused drifts to be formed and roads were blocked. Yesterday an easterly snow storm prevailed all day. The weather has not been very severe.

District Meeting.  
The district meeting of the Canadian Order of Oddfellows has been in session at Belleville this week. Representatives of 34 lodges are present and a number of leading officials of the order are also taking part in the proceedings. The district includes the counties of Northumberland and Durham, Prince Edward, Hastings, and Lennox & Addington.

Rev. John Scott.  
The many friends of the Rev. John Scott, late of Waltham, North Dakota, will be pleased to hear that he is comfortable and happy as he is expected under the circumstances. He recognizes his friends who are allowed to see him but his mind wanders in conversation; otherwise he is a very well. He is still in the Jamestown asylum. The church he so faithfully served sees that he and family are well cared for.

Mohawk Glee Club.  
The Mohawk Glee Club very kindly furnished a delightful programme at the entertainment given by the Gessoplat 1, O. F., court last week. The proceeds amounted to \$31.50. It also delighted the audience at a tea meeting given by the Church of England congregation at Glenora on Thursday, 6th inst. The proceeds amounted to \$30. It also gave an entertainment in Northport on Wednesday evening in aid of the Mohawk Band. Miss Orushatka played the accompaniments.

Deseronto Abroad.  
The Watertown Standard referring to a bright social "at home" given by Mrs. S. McAdam at the Deseronto Hotel, says: "W. J. states that among those present were Mr. and Mrs. M. McCloskey, Mrs. John Huff, the Misses Barton, Master Roy McCloskey, Rod Huff, etc., etc. The principal feature of the evening was music rendered by the Brownville chorus club and Prof. R. Huff, of Deseronto, Canada, who rendered some fine violin solos. Mr. Huff and Miss Emma Barton also gave a violin and piano duet, and subsequently a mandolin and banjo selection."

Farmers' Day.  
Next Tuesday, 15th inst., is the date of the meeting at Deseronto of the East Hastings Farmers' Institute. With favorable weather there is every reason to believe there will be an unusually large number of the farmers of the surrounding district present to hear the address by the college.

The meetings will be held in the opera house at 1:30 and 7:30 p. m. The questions to be discussed are of great practical interest to all interested in agriculture. It is hoped that the farmers of the immediate district will be out in force at these meetings.

Ion MacLaren.  
Ion MacLaren's books have been having a wonderful sale in Canada. Already 15,000 copies of "Beside the Bonnie Briar Bush" have been sold. The author's new story, "Kate Carnegie," begins in the February Canadian Magazine. It will be an illustrated Drumschott love story, and should increase the subscription list of our national Magazine by several thousands of names.

They have secured the exclusive rights for Canada and the story will run through about nine issues.

Ontario Legislature.  
The Legislative Assembly was opened on Tuesday. The Lieutenant-Governor's speech was a lengthy document, with, as usual, very little substantial in it. Among bills to be submitted by the government are, a bill reducing the number of members of county councils, a bill for increasing the usefulness of county courts, bills for revising and consolidating the acts respecting public and high schools, the education department.

Accused was born at the Mohawk parsonage on the 28th of August, 1888, and was thus in his 38th year. His health was always delicate and he suffered much from rheumatism. Last year he was very ill from typhoid fever which left him still more delicate than ever and less able to fight against any attack of disease. He was of a cheery disposition, kind and considerate for all and particularly so for those at home. To his venerable mission and his wife the removal is a great blow coming only a little more than a year after the death of their youngest daughter, who died of the same disease. His death has caused much sympathy in their great affliction.

The funeral, which despite the very bad weather and bad roads, was numberously attended took place on Tuesday at 11 a. m. Services of an impressive character were held at Christ church, and the following clergymen being present and taking part:—Rev. Rural Dean Stanton and J. B. Coleman, of Deseronto; Rev. Thos. OBITUARY.  
It is with regret that we record the death of Gustavus Alexander Anderson, only surviving son of Rev. G. A. Anderson, M.A., pastor of Trinity church, who died at his home at 4:00 a. m. on Sunday, Feb. 9th. Deceased had walked down to town on Wednesday of last week, but on Thursday he took to his bed as the result of an attack of the grippe. Nothing serious was anticipated but on Saturday he grew rapidly worse and medical assistance was secured. The disease took the form of acute inflammation of the kidneys and after great suffering he passed away early on Sunday morning.

Deceased was born at the Mohawk parsonage on the 28th of August, 1888, and was thus in his 38th year. His health was always delicate and he suffered much from rheumatism. Last year he was very ill from typhoid fever which left him still more delicate than ever and less able to fight against any attack of disease. He was of a cheery disposition, kind and considerate for all and particularly so for those at home. To his venerable mission and his wife the removal is a great blow coming only a little more than a year after the death of their youngest daughter, who died of the same disease. His death has caused much sympathy in their great affliction.

The funeral, which despite the very bad weather and bad roads, was numberously attended took place on Tuesday at 11 a. m. Services of an impressive character were held at Christ church, and the following clergymen being present and taking part:—Rev. Rural Dean Stanton and J. B. Coleman, of Deseronto; Rev. Thos. Geddes, of St. Mark's, Belleville; Rev. Canon Barker and A. L. Dean, of Belleville. The choir of St. Mark's church, Deseronto, very kindly sang a number of hymns and the service.

Miss McLaughlin presiding at the organ. The remains were then removed to the parlour of the Deseronto residence of John Dalton and charge of the funeral arrangements.

The new British cruiser *Poropus*, begun on May 11, 1895, was launched at Glasgow on Saturday. It took less than nine months to build her. She is 300 feet long, is calculated to have a speed of twenty knots, and represents a new type of war vessel of the cruiser class. She is neither very big nor very small, nor as fleet as some. The interest in her is chiefly in the rapidity with which she was turned out. In this, Britain also excels her naval competitors.

It is absolutely essential to health, says the *Sanitarian*, that the emanations from the skin pass easily through the clothing. This process, which is called transpiration, may be hindered in two ways—by clothing of very close texture, like rubber coats, and by an excess of garments, which prevent the outside air from mingling with the gases that emanate from the body. It is a mistake therefore to wear too thick flannels over in the severest of weather. The person who insists upon wearing the thickest and heaviest that can be procured are usually the victims of frequent colds. It is better to wear two light, porous undergarments than one of close texture, and a different one should always be worn at night.

Notwithstanding the stormy weather trains on the Bay of Quinte Railway have been running with most commendable regularity.

By an explosion of eight railway cars loaded with dynamite in a suburb of Johannesburg, Transvaal, on Wednesday, forty persons were killed and two hundred injured.

Now is the time to remove snow from verandahs and also from the roofs of buildings. If rain should come many structures would quickly collapse.

Richard Marrign has returned from Montreal where he had been for some time undergoing special treatment for rheumatism. He reports himself as much benefited as a result.

Robert Massie is representing Quinte Lodge, A. O. U. W., at the meeting of the Grand Lodge in Toronto this week.

Many important questions will come up for discussion at this meeting.

J. L. Ferguson went to Shannownville yesterday forenoon to attend the S. S. convention. The other delegates from town intended to drive up at noon but the roads being reported impassable they had to depart from their purpose.

F. S. Hall, of the General office, left for Ottawa yesterday afternoon, having been summoned thither by a telegram announcing the death of his mother. The sad event having occurred on Wednesday night.

Death must have come suddenly as Mr. Hall had no intellgence of any previous illness. The husband of deceased died in 1881. Of her seven children she is survived by two sons and two daughters.

A sensational article appeared in the Toronto Star, and correspondence from Toronto also appeared in the Montreal Witness this week, referring to alleged troubles between the Rathbun Company and members of the Canadian Protective Association. Both articles gave a gross misrepresentation of facts, which was evidently intended to injuriously affect the interests of the company, but which will altogether fail of its purpose. In the meantime a simple denial is all that is necessary. People in town, who read the articles, only smiled at the ridiculous exaggerations by which they were characterized.

THE GRAND TRUNK'S NEW SUPER-INDENT.

A circular has just been issued by General Manager Hays of the Grand Trunk Railway announcing that in consequence of the removal of Mr. James Stephenson from the superintendency of the road, Mr. F. H. McLaughlin has been appointed general superintendent of all line east of St. Clair and Detroit Rivers, with headquarters at Montreal. The new official assumed the duties of his position on Saturday last.

## A VENERABLE CITIZEN GONE.

On Tuesday morning, 18th inst. Mr. Charles Hudson, of Kolin, passed away at the patriarchal age of nearly 95 years. He was born at Bedford, Nottinghamshire, England, in September, 1811. He came to Canada with his parents when 10 years of age. He lived in Montreal for some years, and his parents when 10 years of age. Mr. Hudson's wife, who was a Miss Margaret Macnab, of Bath, died five years ago. Their family numbered seven, of whom two are dead. The survivors are Mrs. Hudson, of Whitby; Mr. Wm. P. Hudson, of M. P. P., Belleville; Mr. Samuel Hudson, of Kolin; Mr. Charles Hudson, of the Kolin Co., Belleville, and Mr. Henry Hudson, of Pontiac, Michigan. The family will have the sympathy of a wide circle of friends in their bereavement. A funeral will take place on Thursday at 10 a. m. to the Quaker burying ground in Huntington.—*Intelligencer*.

## TOWN COUNCIL.

A meeting of the Town Council was held on Thursday evening, 20th inst.

Present—Mayor Rathbun presiding; Reeve Dalton; Deputy-Reeve Dryden, Councilors—Hoppins, Irving, Gault, Richard, Oliver, Mellow, Whiston, Stoddard and Clement.

The minutes of the preceding meeting were read and approved.

A communication was read from Miss Euphemia Dougherty, Colborne, through her solicitor, Messrs. Hoppins, for indemnification received on January 3rd, through a defective boardwalk on Main street, while she was visiting in Deseronto. Also from The West Publishing Company asking the town to advertise as a summer resort if so thought proper.

Councilor Hoppins read a petition from the barbers of town asking for an amendment to the Early Closing-by-law, making it obligatory that all barber shops should be closed on Friday and Thursday evenings. As it appeared it was not competent, according to the statute, to pass such an amendment, no action was taken.

Councilor Hoppins presented the report of the Charity Committee, including some of last year's committee, showing expenditures of \$182.25.

On motion of Councilor Hoppins, seconded by Reeve Dalton, the report was received and amounts ordered to be paid. Gas accounts for \$17.76 were presented.

On motion of Councilor Hoppins, seconded by Reeve Dalton, the report of the Treasurer's accounts for the past year, on motion of Councilor Richardson, seconded by Councilor Irving, the report was received and the accounts finally audited, and ordered to be printed.

On motion of Councilor Richardson, seconded by Councilor Gault, I. Scamshaw and Wm. Rogers were ordered to be paid one dollar each for pumping out corner well.

The Collector reported uncollected taxes amounting to \$876.24. The names of defaulters were read by the Clerk.

Reeve Dalton, for committee appointed to strike standing committees, reported, and moved, seconded by Deputy-Reeve Dryden, reception of report, which was carried. The standing committees for 1896 are as follows:

Finance—Dalton, Dryden and Richardson.

Streets, Market and Gas—Richardson, Gault, Clement, Oliver and Dryden.

Town Property, Fire and Police—Irving, Whiston and Mellow.

Charity—Dryden, Mellow and Clement.

Legislation, By-laws and Franchising—Stoddard, Hoppins and Irving.

Court of Revision—Hoppins, Oliver, Whiston, Irving and Stoddard.

Franchising—Hoppins, Stoddard, Richardson, Dalton and Oliver.

On motion of Councilor Hoppins, seconded by Councilor Clement, the minutes of the last meeting were read and approved.

It was the opinion of the Council that it was not a decided action should be taken to collect all unpaid taxes.

Reeve Dalton and Deputy Reeve Dryden are brief reports of the proceedings of the County Council, Deseronto made a good appearance; its payments to the council were always prompt. The county will pay attention to the improvement of Dunlop street.

Reeve Dalton, who had been appointed to legal advice on the matter of disputed taxes, reported that he had consulted G. E. Derolche, who gave it as his opinion that the persons concerned would have to pay the amounts which appeared on the assessments, even if there was an evident error, as they had the privilege of appealing to the court of revision. The matter was referred to the Finance Committee.

The matter of Miss Dougherty's claim was referred to the Streets committee, and the staff advertising to the Trade Committee.

Deputy-Reeve Dryden made several suggestions in reference to the town printing. Councilor Hoppins brought up the question of taking over the Mechanics' Institute as a public library, giving a great many interesting facts and figures in support of the idea. The matter was fully discussed by Mayor Rathbun, Deputy-Reeve Dryden and Reeve Dalton and Councilors Stoddard, Irving and Richardson.

On the motion of Councilor Irving, seconded by Councilor Stoddard, it was resolved to take over the Mechanics' Institute as a public library, and all arrangements for carrying out this resolution were referred to the Committee on Legislation, By-laws and Printing.

Councilor Stoddard brought up the desirability of providing public bathing places if possible.

If possible, Deputy-Reeve Dryden asked if the committee appointed by the old council had reported about purchase of

## DEATH OF S. J. DONEY.

The people not only of Sophiasburg but of the whole district were greatly shocked when they heard of the death of Samuel J. Doney, Reeve of Sophiasburg, the day having occurred on Monday last. He had left his own home at Bethel, 3rd con. of the township, to attend his brother F. B. Doney, of Solmesville, who has been very seriously ill from a gripe. There he was taken ill of a gripe on the 17th inst., and other complications of a serious character having set in his condition rapidly deteriorated. Notwithstanding everything that the best medical skill could effect the patient steadily sunk and on Saturday evening he passed away after a long illness. Deceased, who was 37 years of age and the son of the late Edward Doney, of Solmesville, was highly esteemed in the district and one of the most popular residents of Sophiasburg township. He served for several years in the Sophiasburg council, and last year represented the township in the county council as first deputy reeve. At the municipal election in January he was elected reeve of the township and filled the position in a creditable manner at the meeting in Picton, where he was also a candidate for the position of wardens. ## ADDRESSES AND PREBENTATION.

Mr. & Mrs. David Bradshaw have decided to leave Deseronto and to remove to Tweed where they will reside with their daughter, Mrs. S. G. Kinserson. There is general regret that Deseronto is to lose two such highly respected and esteemed citizens. Their presence will be greatly missed by a very wide circle of friends who ever found them foremost in every good cause or work having for its object the advancement of the best interests of the community. In the Methodist church, of which they have at all times been very active and consistent members, their loss will be especially felt. The interests of the congregation were always very dear to them and successive clerymen (testify to the great assistance which they always so readily extended as occasion required. Mr. Bradshaw has been a class leader for many years and in that position was eminently faithful and efficient; he is also a member of the official board where his advice and assistance have been ever highly valued. In order to show their appreciation the members of Mr. Bradshaw's class in the congregation surprised him at a class in the congregation on Tuesday evening of this week, and there during the evening, Mrs. J. A. Chapman, on behalf of the class, presented him with a beautiful and elegant Oxford Bible, having on its outside his name and on the fly leaf the names of the class. Mrs. Bradshaw also presented with a purse. Both replied thanking the donors for their valuable gifts and kind words. A pleasant evening, followed, refreshments being served. The quarterly official board have also, in a suitable minute, expressed their appreciation of Mr. Bradshaw's services. All these things are most creditable to the congregation and the class. In a few weeks Mr. and Mrs. Bradshaw leave for their new home in Tweed.

my feeling that that moment cannot be described, and can hardly be imagined. But there was another reason why my first assertion remained unfinished. It is this—the tempo came hurtling through the air, just missed my head, and annihilated the ornaments on the antelope. After that, I thought that to assert Minnie as my wife would be impolite, and would seem untruthful. Mrs. Ginx continued doing a great deal
